As a result of the Trenton conference, the SPA has started to work with heads of vocational schools who will take those qualified in night classes if the Urban League will find employment during the day. The Exec. Secretary has started such a group. The C.C.C. is planning for those who have been in Camp and are now back home. Mr. Moorfield asked if the League would be a sponsoring organization for the New Jersey Consumers' Council. This organization started as an independent group, but now is responsible to the State and the National Government, (National Defense - Consumers' Interest).
